WORK EXPERIENCE

School of ICS, UC Irvine Irvine, CA
UCI Undergraduate Researcher Summer 2020 - Spring 2021

- The focus of our research is about CS Education, in particular applying Concept Inventories to assess student knowledge of topics– dynamic programming, divide-and-conquer, and complexity theory.
- Researched concept inventories, worked with others within research group to compile ideas and devise an experimental trial, where we conducted interviews* and analyzed* results.

School of ICS, UC Irvine Irvine, CA
Grading Assistant Jan 2020 - Mar 2020

- Taught and graded undergraduate students with data structures and algorithms (ICS 46: Data Structures and Algorithms).
- Solidified confidence with data structures, and communicating thoughts to peers.

Independent Tutor Torrance, CA
Math Tutor Dec 2016 - Sept 2019

- Worked as a private tutor teaching geometry, Algebra 1 & 2, Pre-Calculus and Calculus.
- Managed many students of varying needs, from ages 7 to 18.

Suki Time Thai Kitchen Lomita, CA
Head Waiter Dec 2017 - Feb 2019

- Provided fast and effective service.
- Greeted guests, took orders, and served dishes in fast-paced environment. Served 20+ tables, the PR between customers and staff, and also worked the register.

PROJECTS

Portfolio Website: https://Kimjee.Github.io/ Summer 2020

- Built a portfolio website to show off projects, and also as a portal for programming blogs.
- Used HTML/CSS to scaffold a basic skeleton, then applied Bootstrap to create a responsive design on all platforms.

EXTRACURRICULARS

Cyber @ UCI Board Member Fall 2019 - Spring 2021

- A club based on learning about cybersecurity, with events such as National Collegiate Cyber Defense Competition, and learning common security tools like Nmap, and Wireshark.
- Gave small presentations, organized events, managed the Cyber Website.

LA Hacks 2020 March 2020

- Started an iOS Mobile app via Swift and XCode
- Implemented an interactive iOS application filled with simple mini-games. Designed interactive applets used Github for concurrent workflows.
